February 21, 2019

MORRISON HERSHFIELD

Tackling Multi Family Waste

- The issue - Multi Family (MF) waste context
- Current gaps and opportunities
- Q&A

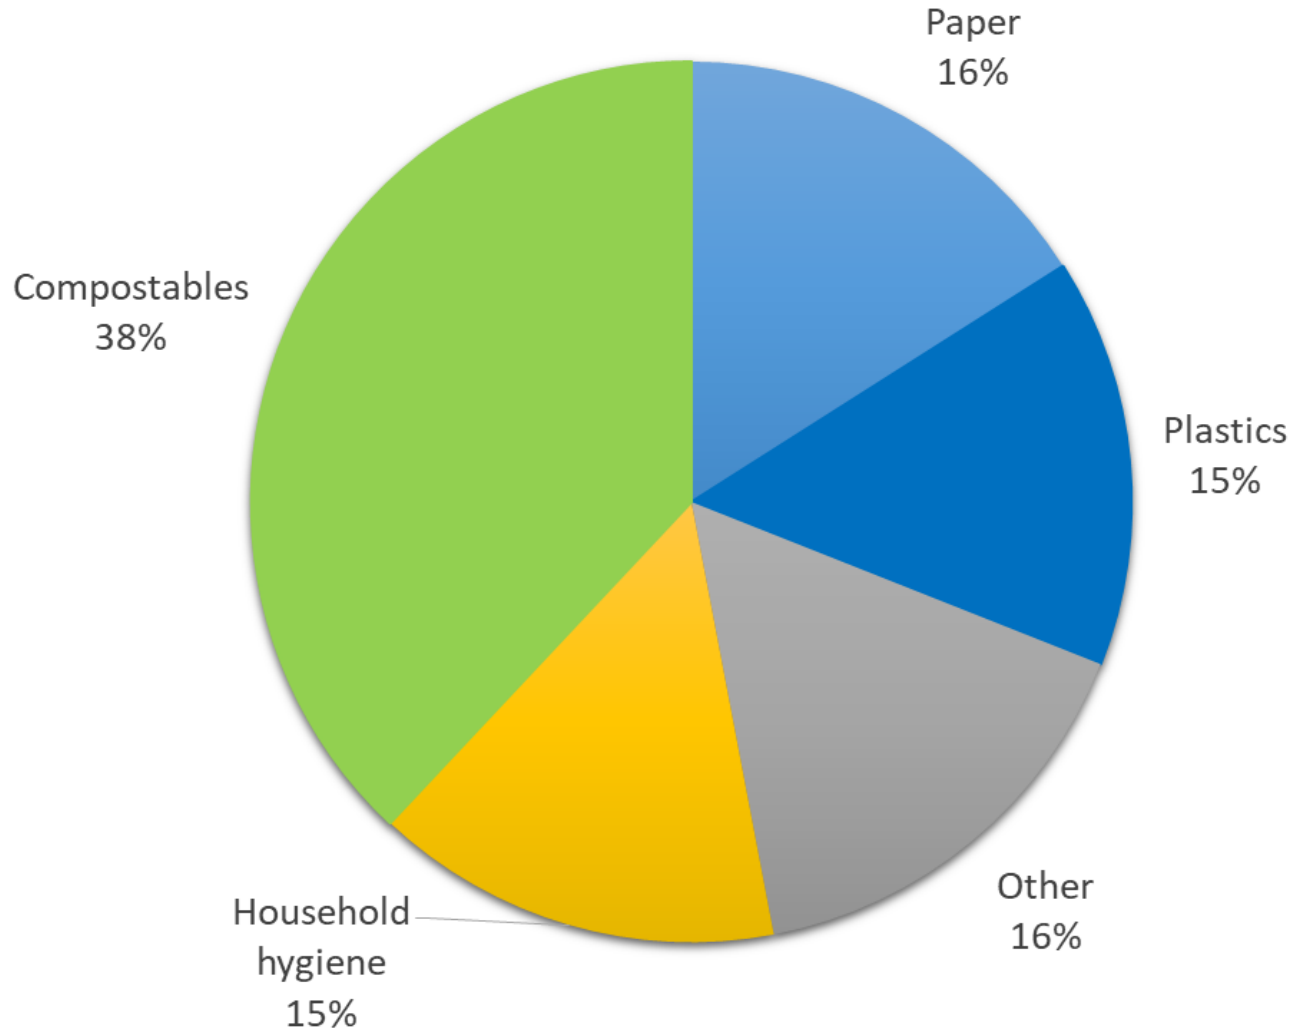

The Context of MF Waste

- 43% of Metro Vancouver's population live in MF buildings
- 18% of waste sent for disposal
- ~ 30 – 35 % being diverted

Waste Composition of MF waste

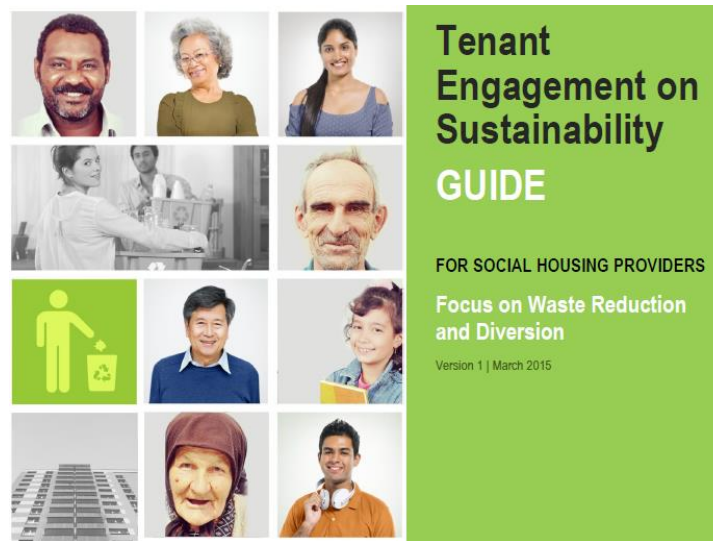

Current Gaps

- Is the Regulation working?
 - Disposal Bans
 - Mandatory recycling
 - Mandatory space allocation

Current Gaps

- More support needed?
 - Multi-family recycling toolkit
 - Tenant Engagement on Sustainability Guide

Current Gaps

- More support needed?

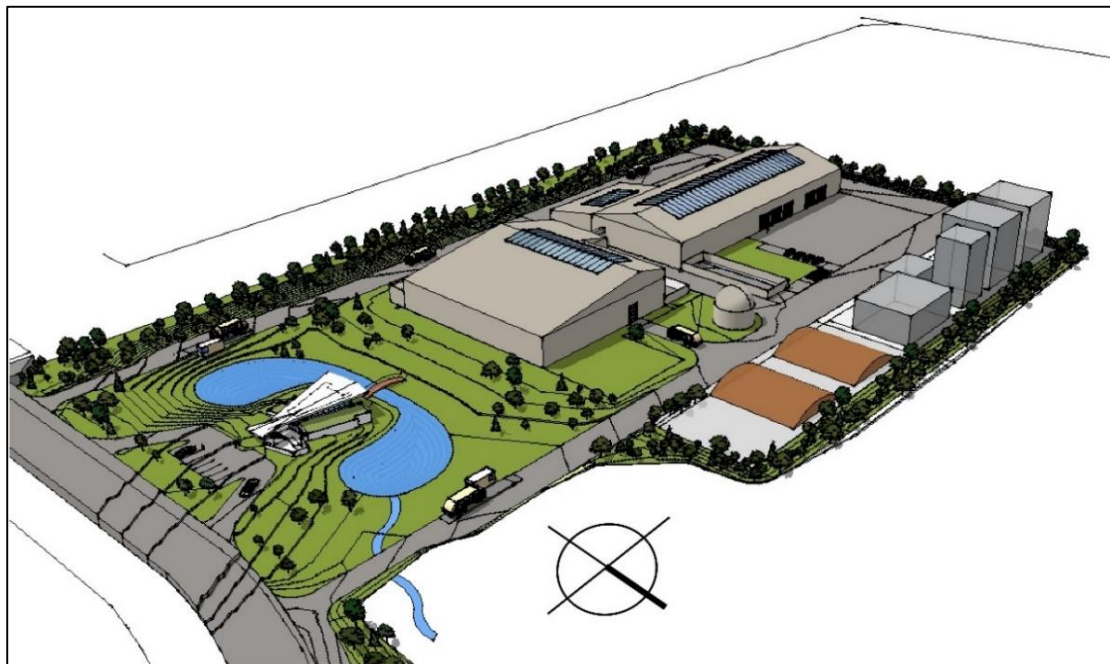

Current Gaps

- Incentives to change?

Current Gaps

- Recyclables and organics still appears in garbage
 - Is mixed waste processing an option?

Are there Missed Opportunities?

- Where are the main opportunities to increase MF waste diversion?

Ideas? Comments? Questions?

Thank You.
